
THE YEAR AT A GLANCE: YEAR 10

A message from your Head of Learning:

Welcome to Year 10.

Year 10 is the year for hard work, dedication and focus in your journey to achieving your GCSE and/or BTEC qualifications.

Year 10 students need to be displaying mature values and commitment to their studies, in order to achieve the outstanding grades they deserve.

We expect students to work hard in lessons, but also to participate in and enjoy the opportunities offered by contributing to the wider school community, participating in House activities, sponsored events and other non-academic activities.

We hope to see students beginning to take ownership of their academic progress, developing their core skills for revision and exam technique, using the experience of mock exams to better prepare for year 11.

It is an extremely important stage of their school career and students are supported in their work by all of the teachers and staff within the school.

It is expected that students will continue to follow the school Code of Conduct, setting examples to the younger year groups and respecting their surroundings.

Parental input is extremely important for student success as students may find the courses to be both challenging and daunting. A positive relationship between school and home is integral to the success of all students.

Each year has its own challenges and year 10 is no exception. At Park House School we will work together to achieve and succeed to the best of our abilities.

All the best,

Mr Hornsby
