

PHS CAREERS NEWS – MARCH 2024

Welcome to our first edition of PHS Careers News where you can find out about the vast array of apprenticeships and opportunities that are open to our young people in the Newbury area. During Careers Week PHS students learnt about different careers, what career paths teachers took and during lessons how the different subjects they are learning link to specific careers choices. We want our students to explore and find out what careers they like and to help them on their journey.

Contact Details:

Mrs Mary Tebble

Associate Assistant Headteacher

Tel: 01635 573911

Calling all Parents

If you can provide support for careers education please get in touch, I need to organise cv writing and mock interviews.

Also, Year 10 & Year 12 have work experience in the summer term so your support with any business contacts be greatly appreciated.
