UCAS

What is UCAS?

UCAS is an independent charity providing information, advice and admissions services. We're there to help people discover what their next step might be.

UCAS does:

- provide information, advice, and support
- process applications
- complete fraud and verification checks
- take part in education sector engagement

UCAS doesn't:

- make decisions or offers
- set entry requirements
- advise on finance
- advise on immigration or visas for individuals

GETTING A JOB

Why continue in education?

- Essential for some career paths.
- Develop new transferable skills and subject knowledge.
- Increase confidence and independence.
- Broaden experiences.
- Meet new people.
- Investment in the future.
- Increased job prospects.
- Higher earning potential.

What are the options?

- **Certificate of Higher Education (CertHE) and Diploma of Higher Education (DipHE):** first and second year of a degree course.
- **Higher National Certificate (HNC) and Higher National Diploma (HND):** HNC is a one-year industry specific course, and the HND is a two-year industry specific course.
- **Higher apprenticeships:** provide an opportunity to gain Level 4 qualifications or above, e.g. HND, or foundation degree while you work. Can take from one to five years to complete, depending on the course level.
- **Foundation degree:** flexible vocational qualification, combining both academic study and workplace learning. It usually takes two years to complete.
- **Bachelor's or undergraduate degree:** a three to four-year course which can also be available as a part-time option, allowing you to study and work.
- **Degree apprenticeships:** enable you to gain a full undergraduate or master's degree while you work. Degree apprenticeships take three to six years to complete, depending on the course.

What's right?

There are a number of things to consider with your next step :

- something you enjoy – you are investing time and effort
- whether it's right for your career path – check with employers and professional organisations
- location – city or rural, transport links
- a study and assessment style that suits you
- environment including extracurricular, clubs, and societies
- finances

A background photograph of three young adults sitting on a concrete ledge outdoors. On the right, a man with a beard and a denim vest over a grey shirt is smiling and looking towards the left. He is holding a stack of books. In the center, a woman with long pink hair is also smiling and looking towards the left. On the far left, the back of a person's head wearing a black beanie is visible. The scene is brightly lit, suggesting a sunny day.

University or college

What's right for you?

UCAS

Choosing the right place

- **Style** – from traditional, with a focus on subject-based courses and research, to modern universities/colleges, with a greater focus on vocational courses.
- **Location** – some are in large cities, others in small towns, by the coast or in the countryside – it's all a major influence on the environment and lifestyle.
- **Size** – larger universities can have more than 20,000 students, whereas some of the smallest have only a few thousand.
- **Culture and facilities** – influenced by a range of factors, including the diversity of students who attend.
- **What graduates do** – all universities collect destination statistics; it can be useful to find out what jobs or further study students go on to.
- **Tuition fees** – can vary between universities and colleges; check if there are scholarships or bursaries available.
- **Living costs** – accommodation, transport, and food can vary enormously.

Choosing the right course

- What does the course cover?
- Courses with the same title may be very different.
- Look carefully at the core course content, and the range of optional studies/modules available.
- Which modules are the most interesting and relevant to your career aspirations?
- See if the course or university/college offers any internship, placement, or study abroad opportunities.
- How is the course taught – structured teaching, or more independent research? How many lectures are there, and how much group work will be done in seminars?
- How is the course assessed?

What am I doing now?

For example in England, Northern Ireland and Wales:

GCSE grade 9-4 is a
Level 2 qualification

A level or T level is a
Level 3 qualification

Did you know?

An apprenticeship offering a degree may also be called a Level 6 or Higher Apprenticeship

Apprenticeships work in levels too!

In England:

Level 2	Level 3	Level 4-7
Intermediate Apprenticeship	Advanced Apprenticeship	Higher Apprenticeship

In Wales:

Level 2	Level 3	Levels 4-7
Foundation Apprenticeship	Apprenticeship	Higher Apprenticeship

In Northern Ireland:

Level 2	Level 3	Level 4-7
Level 2 Apprenticeship	Level 3 Apprenticeship	Higher Apprenticeship

What am I doing now?

Apprenticeships work in levels in Scotland too

For example in Scotland:

Scottish National Level 5 is a SCQF Level 5 qualification

Scottish Higher is a SCQF Level 6 qualification

Who can start an Apprenticeship?

UCAS

- Anyone 16 and over
- Anyone not in full time education*
- Apprenticeships in Scotland, Wales or England require you to be living in the same country as the apprenticeship
- Apprenticeships in Northern Ireland require you:
 - be employed or be about to take up paid employment in Northern Ireland
 - be working a minimum of 21 hours per week on a permanent contract

* a foundation apprenticeship in Scotland is typically taken alongside Scottish Higher and National 5s

2023 UNDERGRADUATE APPLICATION

Waiting for confirmation

You're waiting for confirmation of your choices. If you meet the offer conditions, the university/ college will confirm your place. Send them your results if requested.

Follow your application 24/7:

- see your choices
- keep personal information up to date
- view and reply to your offers

You'll receive one of three decisions from your choices:

- unconditional offer
- conditional offer
- unsuccessful

Replies to offers

Once you have decisions on all your choices, you can choose two:

- One as a 'firm' acceptance – your first choice.
- The other as an 'insurance' acceptance. This acts as a back-up if you do not get into your 'firm' choice.

Any remaining offers must be declined.

Once all your decisions and replies have been made, if you are not holding an offer, you may be able to use Extra or Clearing to find available places.

Other options

Extra (28 Feb – 4 Jul)

- Used all five choices and had no offers.
- Add Extra choices for consideration one at a time.

Clearing (5 Jul – Oct)

- Apply after 30 June, receive no offers, decline all offers, not met conditions.
- Find vacancies from 5 July and add a Clearing choice to your application.

What can students be doing?

- research, research, research
